

How to Relocate REVE Antivirus License

-Tutorial

Relocation

Relocation process will help users to transfer REVE Antivirus license to another PC. Successful relocation will deactivate the License in Active system and allow the user to activate the same license in a new PC.

Relocation Process

There are three methods of relocation of REVE Antivirus license key

First Process: If REVE Antivirus is installed and activated in the system

We can relocate the license key of REVE Antivirus to any other PC. Follow the below given steps to perform the relocation.

Step 1: Open your REVE Antivirus.

Step 2: Click on “Accounts” and then Relocate License.

Step 3: Upon clicking on relocate option, it will ask for relocation confirmation as shown in the picture below. Here, the user needs to choose “Yes” option for successful relocation. Once this process is done, user will get the relocation code on his/her registered e-mail id.

Step 4:

Now Install REVE Antivirus in another PC where license key needs to be relocated. Upon successful installation, fill the “User Registration” form with registration details and click on Next option.

User Registration X

Name:

Referral Code: Enter referral code (optional)

Email: Enter your email

Country:

Mobile: Enter your mobile number

NEXT

Step 5:

On this activation screen, choose the option “I have a relocation key” and put the relocation code received on register e-mail ID. Click on NEXT option for successful and complete relocation.

Activation X

I have a product key I have a relocation key I have a renewal key

Enter Relocation Key

Second Process: Product key available but system has lost, not available & crashed

We can relocate the license key of REVE Antivirus to any other PC. Follow the below given steps to perform the relocation.

- Step 1:** Visit <https://myaccount.reveantivirus.com/login/login.htm> and click on "Create an account" fill the required details and click on "Register Now". Now the registration will be completed.

- Step 2:** Sign in with the registered email ID and password.

Step 3: Now click on “Manage Device”.

Step 4: Click on the “Add More PC” and enter the license details. Once done, click on Add button. Now your device will be successfully added to ‘My Account’

Step 5:

To relocate the license, select the added device and click on Relocate and submit the request. After successful request submission, the relocation key will be automatically sent to your registered e-mail id.

Step 6:

Install REVE Antivirus in new PC and fill the required details on registration wizard and click on next.

User Registration

This is a user registration form with the following fields:

- Name:**
- Referral Code:** (optional)
- Email:** Enter your email
- Country:**
- Mobile:** Enter your mobile number

A 'NEXT' button is located at the bottom right of the form.

Step 7: Choose the option “I have a relocation key” and use the relocation key which you have received on your registered e-mail ID. Click on Next option for successful activation.

Third Process: License purchased, but lost

This is the case where user has lost his product key but he wants to relocate his lost license. In this case, REVE support agent should be contacted for further assistance with below details.

Registration Name
Register E-mail ID *
Register Phone Number *

Note: - Above mentioned details (especially star marked) must be available with user/consumer before contacting REVE support agent. The purchased license must be activated after purchase.
